

Bibber Guide for YouTube Interviews

Making a short (1-3 minute) YouTube video of yourself will be a very powerful tool in successfully finding a job here in Australia. The employer can rarely interview you in person and this will help them decide.

Some things to remember

- Smile!
- Talk slowly and clearly (please DO NOT read from a script, because it shows –and anyone could speak another language if all they had to do was read it!)
- Smile!
- Practice before you record the final Video
- Pretend that you are speaking to someone you like a lot. This will make your body language more positive
- Finally, smile!

Create your YouTube video, making sure that you answer the following questions:

- Your name
- Your age
- Which country you come from
- Your education and qualifications
- Your experience (what duties you have worked at)
- The names of the companies where you have worked
- Any other countries where you have worked
- Any Hobbies or interests that you have
- Why you would like to work in Australia
- REMEMBER!! The people watching this will be deciding whether or not to give you a job!!

How to Upload your YouTube video:

- Create a user account (unless you already have one) following the instructions on the You Tube site
- Browse your videos and upload your Interview
- Title: “Bibber - *your name* Interview”
- Description: “*your name* job interview for Bibber
- Tags: “ Bibber *your name* interview “
- Category: “People & Blogs”
- Privacy: “Public”
- Save Changes!

Don't forget to attach the video to your Bibber on line application!
