

Bibber Guide for YouTube Interviews

Making a short (1-3 minute) YouTube video of you will be a very powerful tool in successfully finding a job. The employer can rarely interview you in person and this will help them decide.

Some things to remember

- **Smile!**
- Talk slowly and clearly (use a script if you have to)
- **Smile!**
- Practice before you record the final Video
- Pretend that you are speaking to someone you like a lot. This will make your body language more positive
- **Finally, smile!**

Make sure that you answer the following questions

- Your name
- Your age
- Which country you come from
- Your education and qualifications
- Your experience (what duties you have worked at)
- The names of the companies where you have worked
- Any other countries where you have worked
- Any Hobbies or interests that you have
- Why you would like to work in your chosen country

REMEMBER!! The people watching this will be deciding whether or not to give you a job!!
